

Georg-August-Universität
Internationales Graduiertenkolleg 1422
Metal Sites in Biomolecules:
Structures, Regulation and Mechanisms
Sprecher: Prof. Dr. Franc Meyer

IRTG Guest lectures

Summer semester 2008

- 2008-04-15, 05:15 pm, lecture room III
Prof. Dr. Goutham Lahiri (Indian Institute of Technology, Bombay)
"Mixed Valency in Polyruthenium Frameworks"

- 2008-07-09, 06:15 pm, lecture room GZMB-N
Prof. Dr. Ralf Mendel (TU Braunschweig)
"Biochemistry and cell biology of metals or the answer to life, the universe and everything"

- 2008-07-15, 05:15 pm, lecture room III
Prof. Dr. Russ Hille (University of California, Riverside, USA)
"Molybdenum catalysis in biological systems"
